WAS BENEFITED BY PLANT JUICE

Well Known Washington Man Says Plant Juice Has Made a New Man of Him.

It is always interesting to listen to the statements of our friends, especially when we know that they are sincere and honest in what they say. Added interest is created in a statement coming from one who has spent a lifetime in the

play of a corporation and is possessed of the respect and confidence of his friends and associates.

Such a man is Mr. James C. Hughey, of No. 714 Seventh street southwest, who is a popular contributor in the employ of the Washington Street Railway Company, and has hosts of friends in this city. He stated:

"I have been troubled with my stomach for some time, which was brought on by irregular eating. I could not retain any solid food in my stomach, and was badly bloated with gas and in constant pain. I suffered greatly with headache and would have dizzy spells, caused by a deranged liver; my kidneys were affected and I had terrible pains in the small of my back. I was constipated and my whole system was run down. I had tried all kinds of different medicines, but never got any permanent relief until I started to take your Plant Juice. Two bottles have done the work for me, and I can now eat anything I want. I sleep well, have no more trouble with gas or constipation. I am feeling fine and give all credit to Plant Juice, as it has made a new man of me."

The Plant Juice Man is at the People's Drug Store, corner of Seventh and E streets northwest, Washington, where he is daily meeting the best public, and introducing and explaining the merits of this remedy.—Adv.

**A Special Exhibition of
CHINESE
RENAISSANCE RUGS
In Our Rug Department and in
Our F Street Window**

All the wealth of detail that gives Chinese Rugs their individuality is depicted in this Herati Wilton facsimile—the border shows by symbols (as all true Oriental weaving does), the iron heel of oppression of the old Dynasties of China. The center part of the design flashes a glimpse of the future, with its Song of Peace—its paradise as seen by the almond-eyed wise men.

This is one of the famous Herati Wilton Rugs—woven in exact duplicate of the original that found leadership in China. It is a novel departure from any rug ever woven in this country.

We invite you to come and see this rug in three different color combinations and several sizes.

**We Have Just Received from the Orient
A Large New Importation of**

Chinese Reed, Rattan and Sea Grass Furniture

For Indoor and Outdoor Summer Use

Every piece of this Furniture comes to us direct from Hongkong and is our own selection. It is entirely handmade in the peculiarly artistic and original designs characteristic of Chinese craftsmen, which one would never suppose they could produce by hand and the few crude tools they use.

This Furniture is remarkably durable, and is so yielding that it very readily conforms to the body, making cushions unnecessary, which increases its coolness for summer use—a point worth considering when you buy furniture for hot weather. Will withstand weather, and may be washed with ordinary garden hose without injury.

Wonderfully attractive values—prices on every piece are exceptionally low.

**Chinese Rattan
Hour-Glass Chairs,
\$5.00 to \$7.50.**

**Hour-Glass Stools.**

Extra heavy and well made, suitable for use on the veranda for plants, low tea tables, smoking stands, etc.

\$1.75.

Lawn Mowing Is Easy if You Have the Right Kind of Mower

But getting the right kind of mower is the important thing. The usual mower pushes the blades against the loose grass and will cut when sharp, which isn't always. The W. & L. Lawn King Draw-cut Mower works on an entirely different principle. It draws the grass firmly against a fixed cutting knife, which is self-sharpening. Furthermore, this mower works as smoothly at the end of the season as at the beginning, and you always have a smoothly-cut sod.

14-inch Mowers, \$5.25
16-inch Mowers, \$5.50
18-inch Mowers, \$6.00

We also offer a splendid low-wheel plain-bearing Mower, at \$3.50 and \$4.00.

Garden Hose of First Quality

We always like to emphasize quality in Garden Hose, because there is no worse investment than a poor one. Our Garden Hose is made of good, live rubber and with ordinary careful treatment will render splendid service. W. & L. Special 7-ply Hose guaranteed, 15c foot; a good 5-ply Garden Hose, 12c foot.

Hose Reels, wood, 85c to \$1.00; Metal Reels, \$1.75.

Lawn Rollers, Lawn Grass Seed, Lawn and Garden Tools of all kinds; Garden and Flower Seeds.

CRETONNES AND THEIR MANY USES

In the Artistic Decoration of the Summer Home

Much more attention is being paid by American people as a whole to the artistic decoration and beautification of the home than ever before. The revival of general interest in the many intensely interesting periods of the past such as the Colonial Period of America, the Ornate French Period, the Various English Periods, the Italian Influences, together with the motifs furnished by the Orient

have awakened an intense love for the more harmonious and attractive home furnishings and surroundings. They are no longer confined to the exclusive and luxurious homes, but in homes of moderate tastes this idea is being followed out.

No Materials Offer Such Effective and Varied Decorative Possibilities as Cretonnes.

There is not a decorative or furnishing need that cannot be supplied by cretonnes if they are selected with taste and discrimination, and the expense does not need to be great. They are broadly adaptable to the requirements of home decoration.

Cretonne Window Hangings.—Many artistic effects are possible, each treatment adapted to the particular window. They not only serve to relieve the bareness of the architectural feature, but introduce into the room a sense of hospitality and home-like atmosphere. We can offer you countless suggestions in this direction.

Cretonnes for Window Seats, Etc.—Cretonnes are unusually well adapted to the handling of the various styles of Window Seats, for covering cushions, pads, pillows and making the curtains at the window, carrying out the complete scheme in complete harmony. There are many ways in which the desired effect can be obtained.

Cretonnes for Doorways and Hangings.—These are generally shirred or plaited and may be made with or without valance; the principal idea to

have in mind is the correct coloring and pattern.

Artistic Treatment of Furniture.—Covers for the tables, the buffet, the bureau or whatever the piece of furniture may be; for wicker and willow furniture and for slip covers cretonnes are very suitable.

For Bedroom Decorations.—To carry out the entire scheme of the bedroom in one pattern is possible with cretonnes. We have suitable patterns for all periods—Adam, William and Mary, French and others.

For the Smaller Articles.—Such as bed coverings, candle shades, lamp shades, couch covers, cushions, sewing screens, shoe bags, shoe boxes, waste paper baskets, whisk broom holders, work boxes and bags, glove boxes and bags, sewing cases, etc.
